Madison Heights Chiropractic Center

28107 John R Madison Heights, MI 48071 **248-542-3492**

OFFICE PROCEDURE & PATIENT INFORMATION

Welcome to the Madison Heights Chiropractic Center. This clinic is a full service analytic and rehabilitative facility, offering some of the most advanced and sophisticated equipment available.

The Madison Heights Chiropractic center specializes in structural and nerve related conditions, spinal manipulations, disc regeneration techniques, nutrition, and rehabilitative care, with a holistic approach to body-health relationships. This clinic recognizes that spinal structural alignment, nerve interference, and disc conditions all play a significant role in the maintenance of the healthy body. We attempt to be as conservative as possible in our approach to health care, and want our patients to understand their particular problem. Therefore, we will sit down with you, after the exam, and explain what is wrong and what must be done to improve your condition.

This Clinic accepts patients for treatment in the following ways:

1. **Acute** - (Not complex or chronic in nature, with no involved examination findings) The patient is treated on a visit by visit basis, or unit of care.

2. **Chronic/Complex** - (Conditions which have not responded to other forms of treatment or shown by examination to be complex, long standing, and require greater attention) Patient is accepted on a stabilization basis. Treatment is determined on the severity of the condition and what actually needs to be done. Fees are proportional to the complexity of the problem, and may be paid on a visit by visit basis or special arrangement. If examination reveals appropriate findings, then the possibility of a Neurosurgical consultant or other health practitioner must be considered.

3. Nutritional supplements, post manipulative soft tissue techniques, disc reduction for reduction for regeneration, realignment and expansion, adjust rehabilitative intermittent intersegmental traction, rehabilitative exercise programs, and spinal stabilization supports may also be recommended.

Please indicate your desires below and fill out the information on the attached form.

Type of Service Desired

_____ 1. Temporary Relief
_____ 2. General Stabilization
_____ 3. Specific Correction if Possible (Optimum Healthcare)

How Would You Classify Your Condition

_____ 1. Minor

General Pain Index Questionnaire

Please mark how much your pain presently **prevents** you from doing what you would normally do. Regarding each category, please indicate the **overall** impact your present pain has on your life, not just when the pain is at its worst. Please **circle the number** which best describes how your typical level of pain affects these six categories of activities.

1. **Family at home responsibilities:** such as yard work, chores around the house or driving the kids to school

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function

2. **Recreation:** including hobbies, sports or other leisure activities

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function

3. **Social activities:** including parties, theater, concerts, dining out and attending other social functions

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function

4. **Employment:** including volunteer work and homemaking tasks

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function

5. **Self-care:** such as taking a shower, driving or getting dressed

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function

6. **Life-support activities:** such as eating and sleeping

0 1 2 3 4 5 6 7 8 9 10

Completely able to function — Totally unable to function
